SUMMARY

An Pre-Final year student of CSE with IOT at SRM University KTR. I have had a solid background in development, both front-end and back-end, and have always been interested to work on varieties of web development projects. Currently I am focusing majorly on building myself as full-stack developer while also being fond of Machine Learning and having hands-on experience by working on ML projects. I have also worked on IoT projects, combining my technical skills with innovative solutions.

EDUCATION

SRM University KTR B.Tech CSE with Internet of Things

Sep 2022 - May 2026

- CGPA: 8.44

Hindustan International School, Class 10 and 12

May 2022

- 76% in 10th
- 71% in 12th
- House captain

SKILLS

Technical Skills: HTML, CSS, Jupyter Notebook, JavaScript, Python, Node.js, Git

Frameworks/Libraries: ReactJS, Next.js, TailwindCSS, TensorFlow

Databases: MongoDB, Firebase, MySQL

EXPERIENCE

Head of Media Domain

Aug 2024 - Present

NWC Association, SRM

- Led a team and consistently delivered work on time.
- Managed pressure effectively while creating top-quality designs.
- Contributed designs that helped the association connect with more students on campus.

Technical Manager of Web Development

Oct 2024 - Present

IOTAlliance, SRM

- Created a website to simplify and improve the club's recruitment process.
- Currently working on building a forum to make collaboration and discussions within the club easier.
- Manage the club's official website, keeping it updated and running smoothly.

PROJECTS

IOTA Recruitment - Recruitment Website for IOTAlliance

[IOTA Recruitment](#)

- Developed a recruitment website for the club using React.js, HTML, and CSS.
- The website got over 300 views and 250+ registrations.
- Contributed to the club's branding with the website.

KST Project Website

[KST Projects](#)

- Built a website for KST Projects, my own side hustle where we help students with software, hardware, and design projects.
- Designed a user-friendly platform to showcase services and simplify project requests.

- Built a Bluetooth-controlled robot that performs ploughing, sowing, and irrigation at the same time.
- Made it easy to control using a mobile phone for better user experience.
- Led the project from design to implementation.
- Won 1st place at the Serbot Expo for its innovative and practical design.

Athlete Monitoring System

- Created a project that uses AI to track and improve athletic performance through real-time body movement analysis.
- Presented the project at the 2nd International Conference on Innovations in Physical Education, Sports & Yogic Sciences.
- Received appreciation from Prof. C. Muthamizhchelvan, Honorable Vice Chancellor, SRMIST, Prof. (Mrs.) Indu Bora, Honorable Vice Chancellor, LNIPE Gwalior, Dr. Yajuvendra Singh Rajpoot, Associate Professor & Head - Sports Management and Coaching, LNIPE, Prof. R. Mohana Krishnan, Director Sports, SRMIST, Dr. N. Venkata Sastry, Director - Career Centre, SRMIST for this project.

Smart Classroom Project

- Working on a funded research project under SRM faculty to develop a smart classroom automation system.
- Implemented a computer vision model to detect students and automatically control fans and lights.
- Successfully deployed Phase 1 in a department classroom, reducing manual energy consumption.

ACHIVEMENTS

- Winner of Serbot Expo 2024.
- Runner in Concepto Ideathon by IEEE Club.
- Cleared regional round in IEEE CAS.
- Received appreciation from Prof. C. Muthamizhchelvan, Honorable Vice Chancellor, SRMIST for an ML project.

CERTIFICATION

- Artificial Intelligence of Things Course by Intel.
- Oracle Cloud Infrastructure 2024 Foundations Associate.
- Oracle Cloud Infrastructure 2024 Data Certified Foundations Associate.
- Oracle Cloud Infrastructure 2024 Certified AI Foundations Associate.
- AWS Academy Machine Learning Foundations.
- AWS Academy Graduate - AWS Academy Cloud Foundations.
- Python (Basic) - certification Hackerrank.
- Supervised Machine Learning: Regression and Classification - Coursera.
- Master Computer Networking - Scaler.
- DBMS Course: Master the Fundamentals and Advanced Concepts - Scaler.

LANGUAGES

English (Professional), Tamil (Native)
